

Saw Operator – 1st Shift

Capital Steel & Wire is seeking a full time saw operator to join our team. First shift hours are Monday through Friday, 6:00 a.m. – 2:30 p.m. This position will be responsible for properly carrying out saw operation duties as assigned and executing other duties as assigned by the manager. Responsibilities include:

- Load and unload material into saws
- Set up saws for specific jobs
- Stage bins for each saw
- Empty chip bins
- Monitor orders as they are processed by the saw
- Maintain proper paperwork as required by each specific job
- Operate fork truck and overhead crane
- Assist with cleaning, organizing and general upkeep of saw shop

Experience and Qualifications

High school diploma or GED required. General computer experience and ability to read and follow written instructions required. Ability to perform basic math functions and accurately use a tape measure required. Fork truck and overhead crane experience preferred.

Physical and Environmental Requirements

Requires ability to stand for 8 consecutive hours and other physical activity such as bending, reaching and twisting. Requires ability to lift 15-50 pounds repeatedly and exposure to machinery and loud noises.

To Apply

Send resume, cover letter and compensation history to employment@capitalsteel.net with "Saw Operator – 1st Shift" in the subject line.
